

The Marble Arch Street has just completed their first year of operation. They have made substantial inroads in ensuring our businesses, their staff, customers and guests, residents, community and visitors feel safe in the area.

Working Tuesday to Saturday, from 8am to 8pm in the winter (October to April) and extending to midnight during the summer (May to September), the Street Team provides a reassuring presence.

Since launching in August 2016 we have responded to business needs and police requests, and adjusted patrol times to include a morning shift and later patrols on Fridays and Saturdays.
